ABOUT US

Cherry Stone Holdings (Pty) Ltd is an industrial supply business serving mining, plant and facility operations. Cherry Stone Holdings is a 100% Black Youth Woman Owned Company established in 2016. We bring electrical, lubrication, mechanical and conveyor supply together under one roof, so that our clients can source the components their equipment depends on from a single, accountable partner.

Our range runs from cabling, conductors and switchgear through to Castrol brand greases, lubricants and oils, power transmission components such as bearings, couplings, belts and sprockets, and complete conveyor supply covering rollers, idlers, frames, pulleys and gearboxes.

Where equipment can be restored rather than replaced, we also offer repair services on pulleys and gearboxes. It is a practical approach to keeping plant running: supply what is needed, repair what can be saved, and keep downtime short.

100% Black Youth Woman Owned

ESTABLISHED 2016

OUR SUPPLY DIVISIONS

ELECTRICAL

Cables, conductors, lights, relays and switchgear

LUBRICANTS

Castrol brand greases, lubricants and oils

MECHANICAL

Bearings, couplings, V-belts, sprockets, pumps, valves

CONVEYOR

Rollers, idlers, frames, pulleys, gearboxes and feeders

REPAIRS

New supplies and repairs on pulleys and gearboxes

WHAT WE SUPPLY

We supply components across four disciplines to the mining, plant and industrial sectors, with repair services on critical conveyor drive components.

- Electrical cables, conductors and general electrical supplies
- Lights, relays and switchgear
- Castrol brand greases, lubricants and oils
- Bearings and rigid couplings
- V-belts and sprockets
- Pumps and valves
- Conveyor rollers, idlers and frames
- Conveyor pulleys - new supplies and repairs
- Rock breakers
- Guards and hand railings
- Gearboxes - new supplies and repairs
- Vibrating feeders

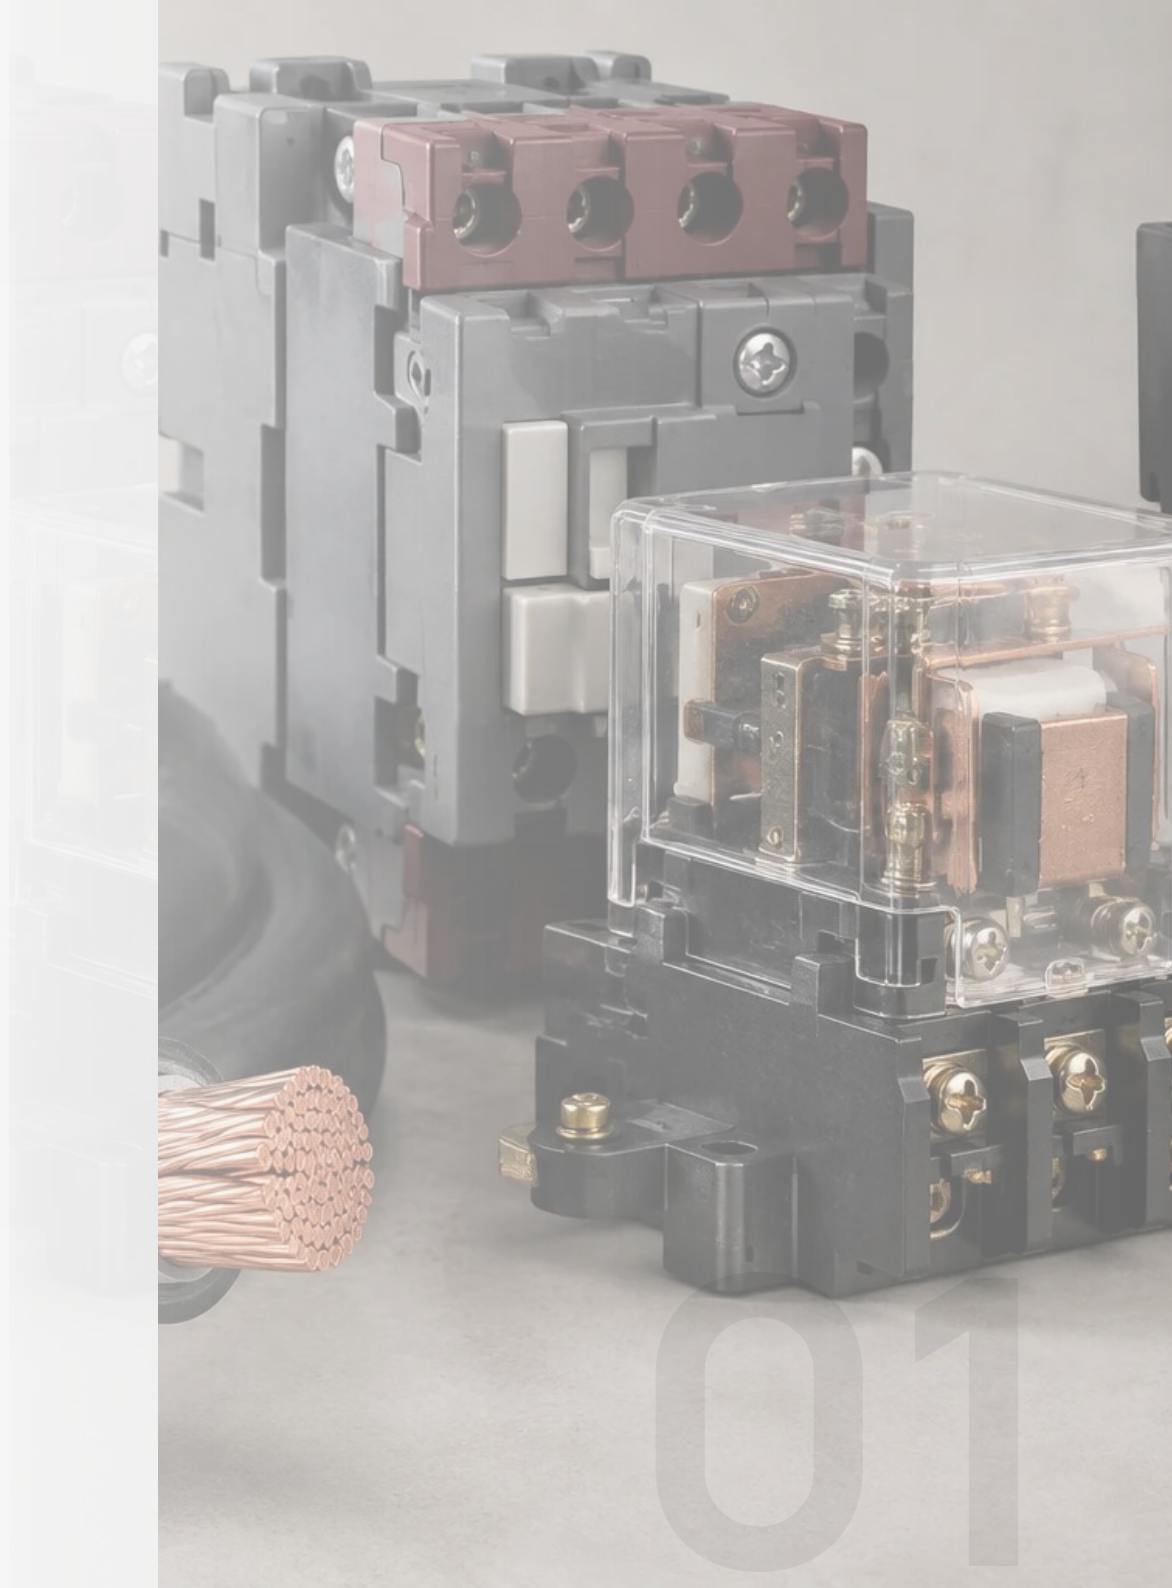

POWER, CONTROL AND ILLUMINATION

ELECTRICAL SUPPLIES

Cherry Stone supplies the electrical components that keep plant, site and facility operations powered and under control, from cabling and conductors through to relays and switchgear.

PRODUCT RANGE

- Electrical Cables
- Conductors
- Lights
- Relays
- Switchgears
- General Electrical Supplies

CASTROL BRAND

LUBRICANT & GREASE

Castrol brand greases, lubricants and oils that protect moving parts, reduce wear and help extend the working life of critical equipment.

PRODUCT RANGE

- Greases
- Lubricants
- Oils

Castrol brand products

Supplied for plant and mobile equipment

Selected to suit the application

POWER TRANSMISSION AND FLOW

MECHANICAL SUPPLIES

Bearings, couplings, belts and sprockets for power transmission, with pumps and valves for flow control. The components behind reliable, productive machinery.

PRODUCT RANGE

- Bearings
- Couplings
- V-Belts
- Sprockets
- Pumps
- Valves

SUPPLY AND REPAIR

CONVEYOR BELT SUPPLIES

Complete conveyor system supply, from rollers, idlers and frames through to gearboxes and vibrating feeders, with new supply and repair services on pulleys and gearboxes.

PRODUCT RANGE

- Rollers
- Idlers
- Frames
- Pulleys (New Supplies and Repairs)
- Rock Breakers
- Guards and Hand Railings
- Gearboxes (New Supplies and Repairs)
- Vibrating Feeders

SUPPLY AND REPAIR

REPAIRS

Not every worn component needs replacing. Cherry Stone offers repair services alongside new supply, so that critical conveyor drive components can be restored and returned to service through the same supplier.

CONVEYOR PULLEYS

New supplies and repairs on conveyor pulleys, sourced or restored to suit the duty.

GEARBOXES

New supplies and repairs across gearbox types, keeping drive units in service.

SINGLE SUPPLIER

Replace outright or repair, handled through one accountable point of supply.

GET IN TOUCH

Tell us what your operation runs on and we will quote from the range. Electrical, lubrication, mechanical and conveyor supply, with repairs on pulleys and gearboxes.
